Biel/Bienne Festival of Photography - Wu Yumo & Zhang Zeyangping exhibition - Natural whisper

Invited for a three-months residence in Monthey (CH), the Chinese artists Wu Yumo and Zhang Zeyangping tested the links and tensions between the individual and nature. The works resulting from an exploration of different conditions and techniques, both photographic and acoustic, evoke the impermanence of things and the fragility of nature, but also its responsiveness and strength.

Wu Yumo & Zhang Zeyangping will show their artwork at *Recover*, the 25th edition of the Biel/Bienne Festival of Photography from May 6 to 29.

Opening

6 May, 18:00
