COLLECTIVE EXHIBITION - GRAINES DE VIE - SIERRE

The exhibition « Graines de vie » presents a selection of SMArt artworks, with the views of Btihal Remli (Morocco), Sharon Castellanos (Peru) and Hosein Jaddad (Morocco). The three artists, each with their own perspective, highlight the work of the earth and of the plant world, inviting us to become aware of the link between man and his environment and to rediscover the way to nature.
