EXHIBITION - DON'T ASK ANYTHING ELSE TO THE FORESTS - WU YUMO & ZHANG ZEYANGPING

During their residency at the Theatre du Crochetan in Monthey, Wu Yumo & Zhang Zeyangping immersed themselves almost everyday in the surrounding forest during long random walk. Their meditative artistic work, based on the principle of active contemplation, proposes a return to nature. The duo first produced an artists' book, handcrafted in China, and composed of poetic collages of flowers and leaves that trace their harvest and represent a source of inspiration. They have chosen the ancient technique of the cyanotype, a printing method that allows them to capture the imprint of the collected plants and to highlight the wonderful details that we don't always pay attention to. Wu Yumo & Zhang Zeyangping rehabilitate the art of listening to nature, and invite to take care of it with the greatest respect.
