LARA CHAHINE PRESENTS HER EXHIBITION IN LEBANON

During her residency in Val Poschiavo, Lara Chahine worked on the theme of water. Her exhibition « Reality is a movement » is a series of images that expresses the inner emotional landscape of water in Poschiavo through its inhabitants, its facilities, and, of course, the land itself. It is meant to serve as a visual commentary on the rapid changes that are happening all around us and the reality of human development in parallel to water.

Opening : 21st September, 5:30pm – 7:30pm at Dar al Mussawir, Lebanon

Exhibition : 21 – 29 September, 11 am – 7pm daily (closed on Saturday and Sunday)
