# LARA CHAHINE'S ARTWORK AT ALT+1000 FESTIVAL

---

The 7th edition of the **Alt+1000 Festival** will take place from August 26 to September 18, 2023 in the Vallée de la Brévine in the heart of the Neuchâtel mountains. The festival presents the artwork of 17 international artists on the emblematic sites of Lac des Taillères and the MBAL, and pursues its objective of exploring the landscape: « The selected projects contribute to the festival's objective: to apprehend the notion of landscape, mainly built on the idea of beauty and leisure, in a different light, and to reveal the complex relationships – economic, political, territorial, sociological or even emotional – that shape it ».

As a partner of Alt+1000 festival, SMArt presents a selection of artwork by Lebanese photographer **Lara Chahine**. During her residency in Poschiavo, Graubünden, in spring 2023, the young artist worked on the theme of water. Arriving during one of the driest periods on record, in a country wrongly considered as an inexhaustible source of water, her work « reality is a movement » encourages us to reflect.
