SMArt at Global Refugee Forum 2023

On November 28th, the Swiss Agency for Development and Cooperation (SDC) and the Office of the United Nations High Commissioner for Refugees (UNHCR) organize a rich evening event to present the Swiss contributions to the Global Refugee Forum 2023, which will take place in Geneva in December. The GRF is the largest international gathering on refugees.

Many swiss organizations and government agencies will be attending the GRF and have pledged new initiatives to support refugees and facilitate their integration - both in Switzerland and abroad. On November 28, these Swiss civil society organizations, NGOs and public institutions will showcase their contributions to the GRF and their overall engagement for refugees. SMArt is delighted to be one of them !

November 28, 17:30 - 20:30
