Wu Yumo & Zhang Zeyangping present their exhibition in Beijing, China

After their 3-months residency in Monthey, Switzerland, the Chinese artists couple Wu Yumo & Zhang Zeyangping present their exhibition *Don't ask anything else to the forests* in Beijing, China. Inspired by their long daily walks in the surrounding forest, they have chosen the ancient technique of the cyanotype to highlight the wonderful details that we don't always pay attention to.

Their exhibition is to be discovered from 6 October to 4 December 2022 at Three Shadows Photography Art Centre in Beijing, China.
